

MIXED-UP MOUNTAINS

The Long Trail runs along the spine of Vermont's Green Mountains from Massachusetts to Canada. Its length is dotted with peaks. Find their names in the puzzle.

First unscramble the letters. You may want to consult

a Vermont state map to help you identify the peaks' names. Then fill out the crossword with your answers. Use only the capitalized words in the puzzle. *Clue: The unscrambled names begin with the boldface letter.*

Down

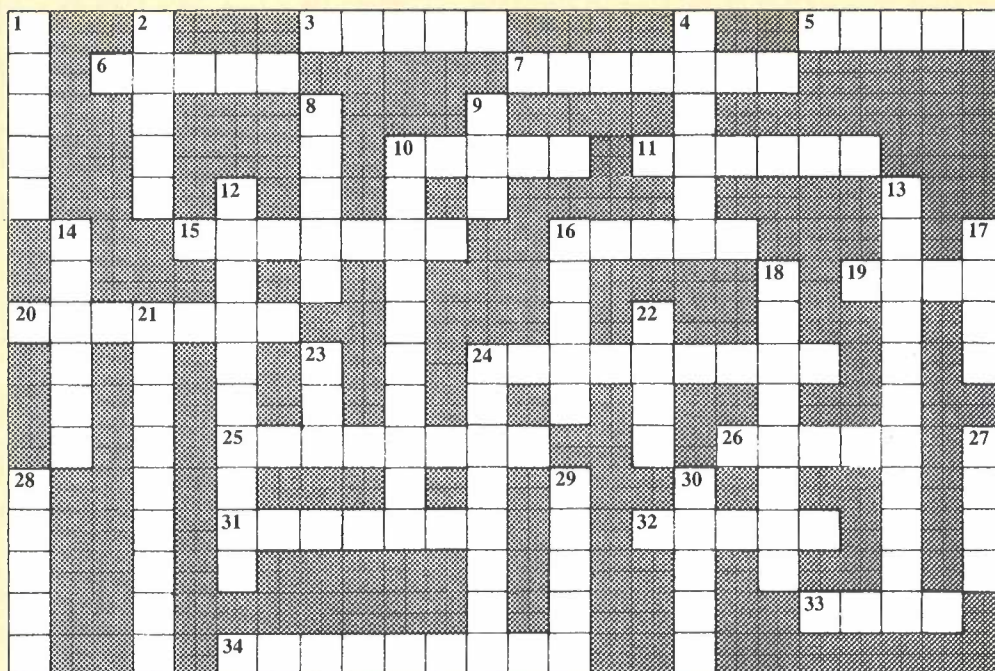

1. UTTCS Peak
